# more POWER to "The EMPIRE DISTRICT"

The recently completed Riverton plant addition (pictured at right) means "More Power To The Empire District." It represents Empire's boundless faith in the four-state district of Missouri, Arkansas, Oklahoma, and Kansas . . . faith in its continued growth . . . in the enterprise and ability of its citizens. It represents Empire's partnership with you, the future "Empire District" business and professional men, wage earners, and home makers . . . a combination that guarantees "More Power To The Empire District." Congratulations to the class of 1951.
