Ryan Combs was born in Harrisonville, MO on April 23rd, 1979. He grew up in Harrisonville until going away for college. His loving parents, Pam and Jack, still live in the same house today. He has an older sister by the name of Cheri. He was a very artistic boy at an early age and won many awards for his drawings throughout school. He graduated from Harrisonville High School, where he had joined the golf team and worked at a lumber yard. He loves to hunt and fish in his spare time along with his boys out in the nature, but his main love was for his favorite sport, Hunting. After high school, he attended college at Longview Community College, UMKC (University of Missouri Kansas City), Missouri State and then Missouri Southern. He received a Bachelor's Degree in Biology and Political Science, a Masters in Biology, and a Masters in Teaching. His dream consists of him going back and getting a PhD, he loves college. He was influenced to become a teacher by one of his many great professors after taking a course of Biology in college. He had been pursuing a law degree, but this professor opened his eyes not only to his love and passion for Biology, but made him understand and appreciate the value of being a great teacher. He and his wife, Danielle, have 3 boys: Jack, Max and Hayes.

Karina Barambayeva is from Astana, Kazakhstan. Her host family is Rod and Mary-Beth Williams. She won a full scholarship in the Future Leaders Exchange (FLEX) Program so she could come to American as an exchange student. Some of her favorite things to do in Neosho are running for the cross country team, going to high school, and the weather in Neosho. In her city it can be -40 degrees during the winter. In Karina's free time at home, she likes ice skating, running, sports that are active, and spending time with family and friends. Her favorite class in Neosho is Spanish; in Kazakhstan it is English. When she gets out of high school she wants to try to enter into an American college and major in international relations. Her favorite food and drink in America are pumpkin pie and root beer. In Kazakhstan, she likes all Russian and Kazakh cuisine. Karina brought some items to remind her of her home such as, pictures of her family and friends, and the Kazakhstan flag.

Survey: What helped you survive high school?

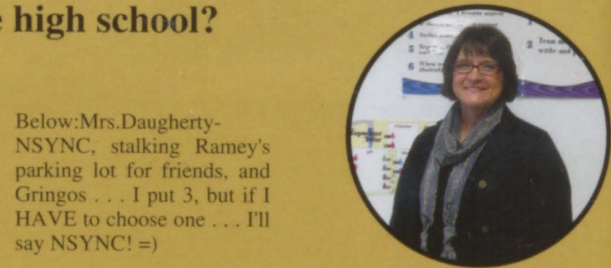

Above: Mrs. Kemna- It's a tie between: My friendship with Becky (Briggs) Olivares and counting down the days until college. I'm so glad I'm not in high school. But wait- I am! Mrs. Olivares-Terri Kemna. Diet Coke. Mrs. Stover. In that order!

Below: Mr. Wheeler- The Beach (Huntington, Bolsa Chica or Newport; the surf was too small at Seal).

Above: Mrs. Kenny- Music. I played in the high school band, high school orchestra, a citywide youth symphony and the local university orchestra. Introduced me to lots of people and experiences and prepared me for college.

Below: Mrs. Daugherty- NSYNC, stalking Ramey's parking lot for friends, and Gringos . . . I put 3, but if I HAVE to choose one . . . I'll say NSYNC! =)

Above: Mrs. Patrick- I was fortunate to have older sisters (3) that blazed the trail for me. I felt comfortable because I knew what my teachers expected via my sisters if I had a question. Having older sisters that went through the same educational system helped me survive my high school days.

Caden Ramsey,
Seems like yesterday you were starting Kdgt. and today, Graduation. Another milestone mastered. How quickly time passes, we have enjoyed every moment. God has truly blessed us in having you for a son; you are a wonderful person inside and out. We are so unbelievably proud of you, yesterday, today, and tomorrow, too. We look forward to seeing what the future holds; may your dreams stay big and your worries stay small. . . .

We love you,
Mom & Mike

Madison Sutton,
Surprise! I woke this morning and realized that my little girl is now a young woman. Like you, I am proud of what you have accomplished. However, your journey has just begun. Your next chapter begins in August when you travel to Culver and begin what I anticipate to be wonderful educational experience. Although you will be 359.20 miles and/or 5 hours 59 minutes away, you will always be in my thoughts. Never doubt yourself and never fear failure. Much is learned even though the outcome may not be optimal.

With all my love,
Dad

Justin Clark,
One day you will look back and wonder where the time has gone, just as we have done! Remember to take each day as a blessing and don't waste a single moment. We are proud of the young man you have become and look forward to what the future holds for you.

We love you and God bless you every day!!!
Dad, Mom, Paige, Dalton, Tori, & Dylan

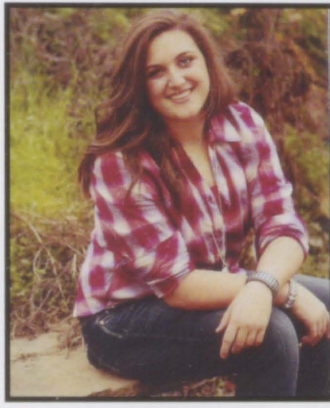

Nate Van Dorn,

We are very proud of your accomplishments. You have grown into a strong young man. We wish you all the luck in college & in the future. We'll be right there to back you up.

Just remember the sun comes up somewhere everyday; therefore, your light should also shine each day!

Love, Dad, Mom & Madison

Never lose your sense of humor and your smile, and always stay true to yourself! We are SO blessed to have you as a daughter/granddaughter/sister and can't wait to see what the future holds!! We love you! Good luck @ Hannibal!!

Love - Mom, Dad, Chase and Meemo

Allison Brooks Tindall
You are always our dancer and performer - from "Broadway Babies" at age four to "Sugar & Spice" at NHS! You make us smile! You find joy in everything and celebrate life every day! We are so proud of you and all you have accomplished. Continue to pursue your dreams and follow where the Lord leads!
We love you!

Anthony Brock,
We are proud of you! It has been a joy watching you grow up. We are truly blessed to have you for a son.
We pray you keep God 1st in your life and the rest will fall into the right place.
We Love You,
Mom & Dad

Megan Jones,
It seems as though it was only yesterday you were that Horse crazy girl whose only thought was of getting a horse. That little girl grew up into a beautiful young lady. Now your days are spent thinking of the future. We are so proud of you and of all the things that you have done in these short 12 years. It has passed by way too quickly. But as we remember the past we look forward to the future and all the things only you can do. We have truly been blessed to have been a part of the last 4 years. Thank you for letting us share in your FA accomplishments and all the "squirrelly" moments the Lord has seen us through. We love our Mega Lynn

Love
Mama and Daddy, Ashley, Zach, Glen and Campbell.

From the beginning, you have met life and all that comes with it, head-on, never wavering in who you are. You have risen to every challenge and achieved so much more than we could have hoped for. You pushed yourself to the fullest in everything you have done and your persistence has and will continue to pay off.
Words can't express how very proud we are of you! Take the world by the hand and show them what you can do.
We will always be here for you!

Ethan Talley,
Well, here we are. You are grown? When did that happen? This chapter in your life is coming to and end and it may have seemed like it took forever, but in reality, it has gone by so incredibly fast! While this chapter may be coming to and end, another amazing and exciting chapter is just beginning. We are so very proud of you and the wonderful person you have become. No matter where you are, no matter what you do in life, always know that we will always love you and support you. Your dad and I will always be proud to say "He's mine!" Like I always said when you were little . . . I am SO glad that GOD gave you to me. Congratulations baby boy!

"Friendship is unnecessary, like philosophy, like art . . . it has no survival value; rather it is one of those things that gives value to survival," C. S. Lewis. It is rare that this section starts off with a quote, but this one is appropriate. Each one of us has within our souls the elements we need to survive whatever it is we are going through - even high school. However, the one thing we all need to make survival happen - and high school tolerable at times - is friends. We may say that we need our phones, music, a great book or a supply of chocolate to survive on a desert island, or a day with parents at the Neosho city-wide garage sale, but it is our friends we would miss the most. At the beginning of each year we search for the ones we haven't seen all summer and at the end of the year we make promises to stay in touch some how. These are the people that build us up, aren't afraid to be honest, and treat us with respect. They make us feel good about ourselves, giving us what we need most. They are a necessary part of our "Wildcat Survival Kit."
