

**WILDCAT**

Members of the Publications Staff were (standing) Sherry Brown, Keith Brummett, Missy Carpenter, Keith Anderson, Susan Knorpp — editor, (seated) Janice Shelton — editor, April Thomas, Debbie Dieckhoff, Rita Sammons, and Karen Renfro.

***The Publications Class of  
Diamond High School  
Diamond, Missouri, presents . . .***

# WILDCAT '82

## BEGINNINGS . . .

As we go through life, we are constantly making new beginnings. We begin to have new insights of things that before we had never paid much attention to. We face new challenges that help us grow stronger. And we develop new relationships with new people, and in some cases, even with ourselves. Every new beginning gives us one more chance and opens one more door in our decisions for the future.

## DREAMS . . .

Our dreams also play a significant part in our lives. Dreams give us goals by which we can pattern our actions and attitudes. By having a certain dream we'd like to strive for, we aren't as likely to give up quite as easily as if we were just living day to day.

## MEMORIES . . .

Last of all, memories are made of things that happen every day — the laughter, the hurts, the mistakes, the things we say, and the victories that made it all worthwhile.

As you look back through the 1982 WILDCAT, you will see that we have tried to show a bit of all these. We hope you will be reminded of some important beginnings, some dreams for the future, and many, many memories.

## ***DEDICATION***

Friendly . . . trustworthy . . . respected.

These words describe a person who is always willing to lend a hand and is never hesitant to offer his smile in hopes of taking away another person's frown. A friend to us all because of his unique way of helping others feel special and by showing that he cares and understands.

This person is respected by us all, not just by the students, but also by the community and his fellow faculty members. A coach who realizes that winning isn't everything as long as we try our best.

For these reasons and many more, we dedicate the 1982 WILDCAT to an extraordinary man . . . MR. BILL PRESLEY

# ***PERSONALITIES***

## **BEGINNINGS . . .**

By learning to give more of ourselves, we all have become a little wiser to the world around us. Each new beginning serves as another step forward.

## **DREAMS . . .**

They help to plan our future and provide us with the knowledge of what we wish to make of our lives.

## **MEMORIES . . .**

Memories are our proof of yesterday and serve as our reminders of the future. They help us remember what used to be.

— Missy Carpenter

# SENIORS

## BEGINNINGS . . .

Little did we know the challenges that awaited us. We learned of love, friendship and life. We soon realized that every new beginning was the basis for another.

## DREAMS . . .

Whether they be daydreams or night dreams, they have affected us in many ways. Though we all dream differently, we all dream.

## MEMORIES . . .

Every yesterday becomes a memory. Our minds are full of the events and the people that we have been a part of and the precious moments that we shall never forget.

### OUR KEY TO THE FUTURE

One of the keys to our future is the proper use of electricity and its conservation.

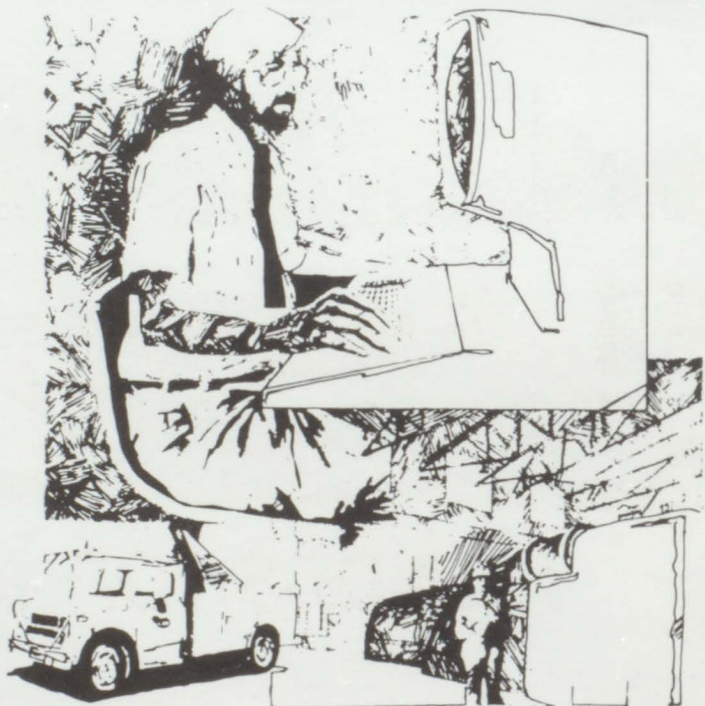

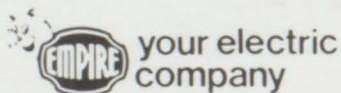

At Empire District we are constantly working to provide clean, efficient electric service.

Only with your help can we conserve this energy properly.

Energy conservation should be practiced on a daily basis. Routine checks on thermostat settings, turning out lights and other electrical devices when leaving a room, eliminating drafts around windows and doors, weather stripping and caulking are all part of the energy conserving concept.

We can make our future brighter with your help.

Electricity—today's energy form for the future.
