Before NHS

Mr. Preston at age three. He was already sporting that wonderful smile that has helped so many student through stressful situations.

Mr. Preston and his brother Greg in scouts when they were young. Mr. Preston continues as a member of the scouts today as a leader and mentor.

Because of Mr. Preston's great musical talent he got the opportunity to star as Max Detweiler in a high school production of the Sound of Music in 1978.

Mr. Preston in his early college years.

The History of a Great Teacher

Kenneth "Mark" Preston was born August 7th, 1960, in Dodge City, KS. His parents are Kenneth and Leona Preston. He graduated high school in Dodge City on May of 1978. While in high school he played football as a linebacker and kicker, he participated in track, and was very active in choir. The summer after high school he toured Europe for eight weeks with his choir. During this experience he sang for the Pope, the Queen, in Carnegie Hall, and many other famous places. When he returned from his trip he entered Pittsburgh State University and began studying toward a degree in industrial arts. He chose education because of his Uncle Bob. Mr. Preston greatly looked up to his uncle and wanted to make a difference and positively impact the lives of students the way his uncle did before. In 1982 he graduated, but decided not to stop there; in 1995 he furthered his education by earning his masters degree in Secondary Education from Southwest Baptist University. Then in 2010 he earned another Masters Degree in Administration. He decided to continue with Administration and he earned his specialists degree. Mr. Preston did not go through all of this schooling alone though; he has had his wife, Jeryn, by his side for 32 years now. The two have been blessed with 3 boys, Josh; Aaron, who is a PFC in the U.S. Army; and Joel, who is a SGT in the U.S. Army. All three of his kids graduated from NHS. Mr. Preston gives much of his time to the youth, both in and out of school. He helps with scouts, he is also a youth leader, and a Special Olympics Coach. However, before he was a teacher, he did many other interesting things. Mr. Preston has been a fire fighter, Apparatus Engineer, Chief Evidence Collector for Arson Task Team, a member of HAZ-MAT team, a first responder, a member of the Area Major Task Force Squad, City Fire Inspector, Training Officer, Newton County Missouri Deputy Sheriff, Special Investigator, Director of the Fire Academy, and an Educational Consultant for the Aidex Corporation. As seen, Mr. Preston has much experience at many different things; its no wonder that he has greatly helped mold this school to its full potential and is a much appreciated member of the NHS faculty.

"I consider my greatest contribution to education as taking part in the education process of hundreds of students who will become productive members of society in a wide range of careers. I truly believe that education is the most dignified and important professions that one could ever be involved in today, and we as educators affect the future of students in very important ways. One of my hopes as an educator is to develop a relationship with my students, instill a love of learning, and share my own passion for learning with them."

It seems like only yesterday that I dropped you off on your first day of Kindergarten. You insisted to walk in by yourself. I cried all the way home, because you were growing up way too fast. When the time came to finish the last pages of the 2013-14 NEOHIMO Yearbook, it was almost a surprise to see we made it to the end. With all the snow days (16 total), it seemed we all felt as though the year would never end. Class assignments were pushed back, sports events were reschedule - and rescheduled again, Graduation was moved 7 days later, and the school year didn't end until almost the last day of May. However, the extended year did give us more time with our friends, which is pretty important. We had more days to take "selfies" in the halls. We had more days to go sledding down our favorite "closed" streets and to just stay home and "sleep in." But we also enjoyed things about NHS, as well, such as: the homecoming parade and hall decorating, another great season for our Wrestling Team at State, amazing plays, oustanding results at FFA contests, and the weird hypnotist act at the final assembly. All of these things are a part of "A Year in the Making." We hope it was a memorable one.
