forever.*

DEDICATION 1971

To Miss Maudmary Wilson, art teacher and yearbook sponsor, we dedicate the 1971 Neohimo Yearbook. This is the sixteenth book she has sponsored, and will be her last. Her guidance in the preparation of the yearbooks, her teaching, and sponsoring of projects, such as the proms, have been deeply appreciated over the years. However, Jim Cullum, above, learns, as many in the past have learned, to "beware the pin."

I tried to get a scholarship to see by my own eyes how life in a country, about which we hear and read so much would be. What I found was a large, large country with very many people, a big school larger than that which I had been used to. At the same time I found that all the persons who make up this school and this country were individuals. When I return home, I hope to take some of this individualism with me, with the hope that it will become more a part of my own country than it is now.

by Marjan Mulder

Marjan stayed from August to June with the Maxwell Lampo family. She then toured the U.S.A. with other AFS'ers and returned to the Netherlands.

Marjan speaks Dutch, German, French and English.
